

To Whom It May Concern,

I was on-line looking for a Realtor in the Thomas and Logan Counties. The time had come to sell off most of the farm my Stepfather had loved. I knew it would be a stressful time. I decided to phone Molly Oliver with Stock Realty and Auction Company. I asked my daughter that worked in Colby Ks. if she had any knowledge about Molly. Her impression was that Molly was a successful and progressive Realtor.

I put my faith in Molly and that proved to be a wise choice. Before and after the auction she was sensitive to my fears and concerns. I know that she worked diligently to make it the best experience possible.

Because of her work the auction was more successful than many believed it would be.

Sincerely,

Barbara E. Smith
